## MESSAGE FROM ORGANIZING CHAIRMAN

I am honoured to welcome you all to the 11th Congress of BRASA (11<sup>TH</sup> BRASCON 2023) to be held at Sanjay Gandhi Post Graduate Institute of Medical Sciences, Lucknow from November 17<sup>th</sup> to 19<sup>th</sup>, 2023. First, let me thank Mr. Bhagwat Mathur, Dr. Pradeep Goil and the Office bearers for giving us an opportunity to host this congress.

**BRASCON 2023** aims to bring together experts and practitioners from various fields of treatment of breast cancer to exchange knowledge, share insights and foster collaboration.

Breast cancer, with its far-reaching impact, is not just a medical diagnosis; it is a journey that touches the core of a person's identity, confidence, and spirit. **BRASCON 2023** aims to shed light on a crucial aspect of this journey-the remarkable world of breast reconstruction. Breast reconstruction is not solely about restoring physical appearance; it is about nurturing the soul and restoring the sense of self.

This meeting aims at creating awareness about the various options available for breast reconstruction, to debunk myths, and to foster an environment of support and multidisciplinary care.

The conference will also include hands-on workshops on Breast oncoplasty on 3D silicone models and microvascular anastomosis (hand-sewn and coupler).

During your stay, we will ensure that you Indulge in the Culinary Tapestry of Lucknow, "the Awadhi cuisine".

You can also plan to visit the nearby historic cities like Agra with its iconic Taj Mahal, or nearby places in Himalayas like Nainital, Kausani, etc.

We look forward to hosting you at this meeting and follow the theme of "Redefining Lives through Reconstruction" to achieve greater heights in patient care.

Thank you for your attention, and we look forward to seeing you in Lucknow.
