

CME on Recent Updates in Transplant Pathology

12th December 2023

Telemedicine Auditorium, SGPGIMS

Organised by

Department of Pathology, SGPGIMS, Lucknow

Dear Guests

It is our pleasure to invite you, to the “CME on Recent Updates in Transplant Pathology”, being organized by the Department of Pathology, Sanjay Gandhi Postgraduate Institute of Medical Sciences, Lucknow on 12th December 2023. Precise diagnosis of allograft dysfunction in biopsy is crucial for the effective management of allograft recipients. Many advances in transplant pathology and updates in the International Banff Classification for Allograft Pathology have occurred.

We are delighted that Professor Parmjeet Randhawa, from the Department of Pathology, Division of Transplantation Pathology at the Thomas E Starzl Transplantation Institute, University of Pittsburgh, USA, shall be delivering many talks and will be interacting with participants, apart from other eminent transplant pathologists from the country. This CME will provide a comprehensive learning experience. The sessions will include updated diagnostic modalities, classifications, and molecular advances in transplant pathology. SGPGIMS, Lucknow is a tertiary care medical centre of north India spread across 550 acres of lush green campus with huge infrastructure facility and is forefront in transplant pathology. We look forward to your active participation in this CME and to interact and learn from experts in the field.

International Faculty

Prof. Parmjeet Randhawa

Department of Pathology, Division of Transplantation Pathology
The Thomas E Starzl Transplantation Institute,
University of Pittsburgh

National Faculty

Prof. Kusum Joshi
Chandigarh

Dr. Meera Govindarajan
Chennai
