 2. Teaching & Training
 3. Research

The snake represent the "FLIGHT OF SEA GULL" (the soaring up the goal) The span represents the "SNAKE HYGEINE"

(Org Greek) Patanjali of Hindus

VISION

To be an International Center of Excellence in Teaching, Training, and Research and to provide quality tertiary health care at a reasonable cost.

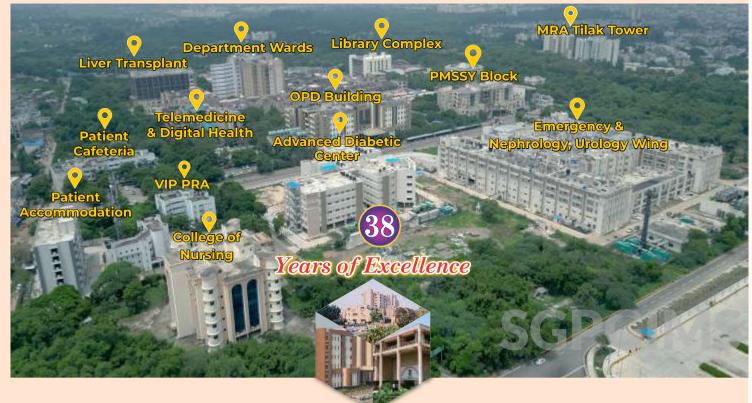

MISSION

Teaching and training The Institute strives to provide the country with adequately trained and ethically sound professionals, update curricula to meet future needs, and develop new specialty training.

Our goal is to create an environment that facilitates research by providing state-of-the-art facilities, seed funding, participation in clinical trials, collaborative research projects nationally and internationally, and collaboration between academia and the industry.

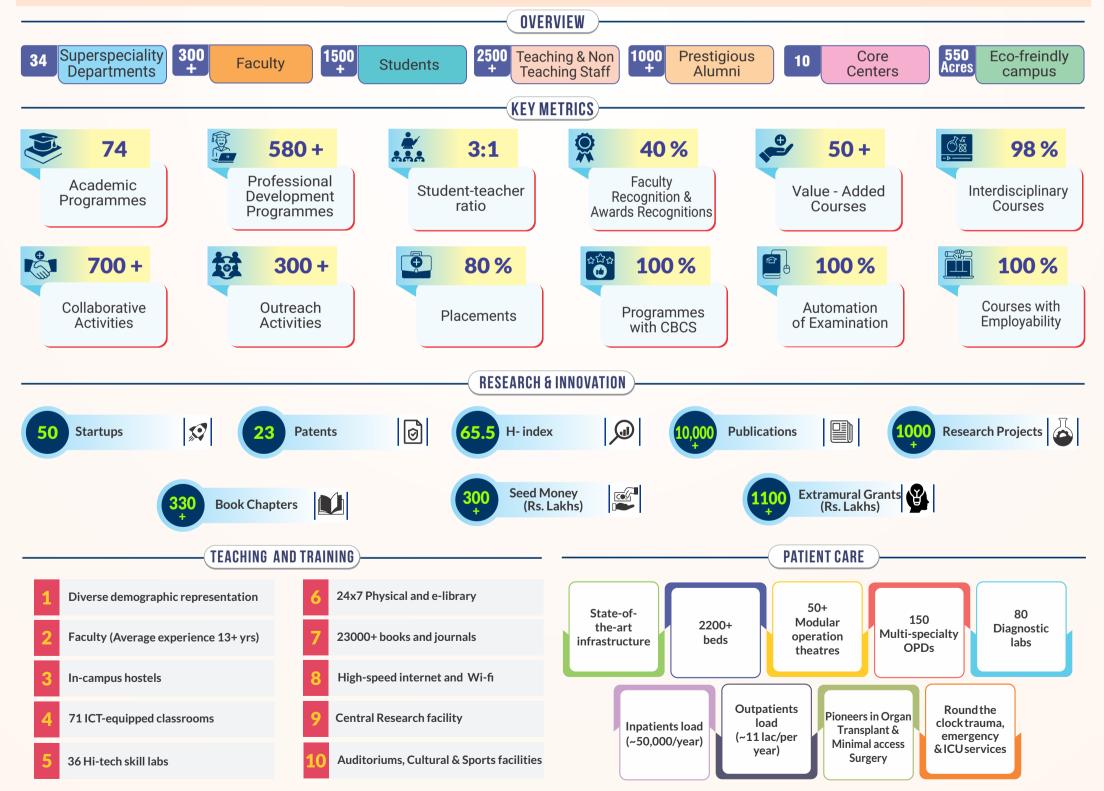

Patient care

To provide cost-effective comprehensive specialized patient care transcending international boundaries, by consolidating existing facilities and developing new ones, while supporting national health programs.

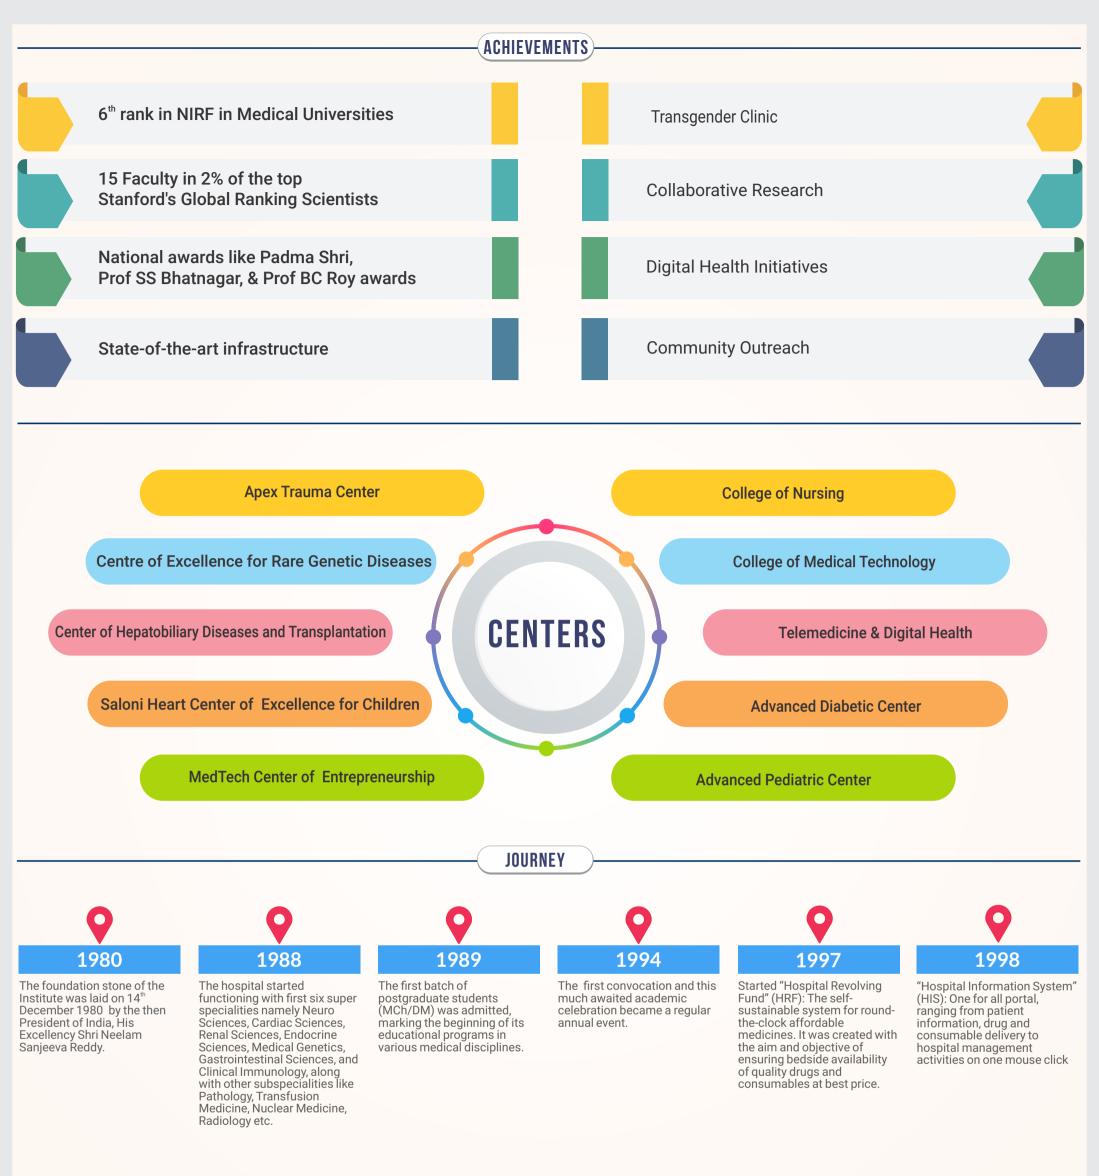

आत्मना सर्गो जितः

हम अपनी दक्षता ज्ञान योग्यता एवं आत्मिक शक्ति द्वारा जन्म मानवीय जीवन के कष्ट व मृत्यु पर विजय प्राप्त करें We asseverate our knowledge skill, competence and spiritual strength to conquest humane suffering of birth, life and death

0

1999

Telemedicine program started & School of Telemedicine and Biomedical Informatics was established in year 2006. Setting up best practices in Tele-care and Tele-education education for outreach using Helath IT.

2002

"Investigation Revolving Fund" (IRF) to re-organize the purchase of all lab consumables required for patients at no cost basis in most efficient and costeffective manner.

2010

The second phase started with the activation of PMSSY Block, housing 6 departments of Pulmonary Medicine, Pediatric Surgery, Plastic Surgery, Molecular Medicine and Maternal & Reproductive Health

2018

Apex Trauma Centre (ATC): The state-of-the-art Trauma centre of SGPGIMS. It was conceived as a Level-1 Trauma centre for the state of U.P. with round-the-clock services from management of acute trauma emergencies to complete rehabilitation under one roof.

2020

Rajdhani CORONA Hospital (RCH) UP's first apex-level COVID care facility and e-OPD services at time of COVID19 Pandemic. Our healthcare workers ran it optimally, and put in place the best possible protocols to manage some of most challenging patients with SARS COV-2 viral infection.

2024

Advanced Pediatric Center, Advance Diabetes Center (ADC), Saloni Heart Center: upcoming well-equipped centers with trained manpower, advanced and "state of the art" equipment and required infrastructure for the care of pediatric patients.
