Workshop on “Feedback System – The need for growth of Institute”

Workshop Objective:

The objective of the workshop is to create awareness about the importance of feedback for the growth of the institute. Excellent work at SGPGIMS in education and patient care needs documentation as feedback from students. Regular in build feedback system will help to document the strengths & successes of the institute’s strong academic programs. Everything bests also needs improvement which is a continuous & dynamic process and there is always scope of development. Feedback from representatives of all stakeholders will provide new insights, ideas for new initiatives and improvisations for the betterment of the students and the institute.

NAAC has provided the opportunity to initiate and build badly needed feedback system.
